National University

Master Computer Science
2026 - 2028

National University Lipa

Bachelor Computer Science
2022 - 2026

SKILLS

- Python
- JavaScript
- C++
- HTML/CSS
- React
- Node.js
- Express

LANGUAGE

Tagalog

English

ABOUT ME

I am a passionate Full Stack Developer with a strong foundation in both front-end and back-end technologies. My expertise spans across designing user-friendly, responsive web interfaces and building robust, scalable server-side applications. With hands-on experience in popular frameworks like React, Node.js, and Express, I am proficient in creating seamless full-stack applications from the ground up.

EXPERIENCE

Full Stack Developer   2032 – Present

Tech Innovators Inc.

Led development of a large-scale web app for 50,000+ users with React and Node.js/Express. Designed optimized RESTful APIs, reducing response times by 30%, and improved database efficiency by 25% using MongoDB and PostgreSQL.

Junior Full Stack Developer   2030 - 2032

NextGen Software Solutions

Worked on full-stack development with JavaScript, React, and Node.js to create dynamic, user-friendly web apps. Improved user engagement by 20% through responsive UI/UX design and reusable code. Optimized MySQL queries for better performance.

Full Stack Developer Intern   2028-2030

NextGen Software Solutions

Assisted in full-stack development with JavaScript, React, and Node.js to build responsive apps. Improved user engagement by 20% through front-end work and optimized back-end performance with Express and MySQL. Helped modernize legacy apps, reducing maintenance costs by 15%, and participated in code reviews using Git.
